

TUFTS UNIVERSITY

Minor in Biotechnology

Student: _____

ID#: _____

One course from the following			
Course	Semester	Grade	Double counted?
BIO 152			
BIO 171 or CHEM 171			
Two courses from the following			
Course	Semester	Grade	Double counted?
CHBE 161			
BME 62/162 or CHBE 62/162			
CHBE 166			
One course from the following			
Course	Semester	Grade	Double counted?
BIO 50			
BME 175			
BME 163 or CHBE 163			
CHBE 168			
One elective course			
Course	Semester	Grade	Double counted?

One elective course from the following:

- BME 185 or ChBE 185** Drug Product Formulation
- BIO 104** Immunology
- BIO 105** Molecular Biology
- BIO 106** Microbiology
- BME 143** Biological Systems Analysis
- CHBE 159** Synthetic Biology
- BIO 132** Biostatistics
- CHEM 135** Biophysical Chemistry
- CHBE 160** Biochemical Engineering
- BME 153 or CHBE 164** Biomaterials and Regenerative Medicine
- BME 154** Tissue Engineering and Regenerative Medicine

Please note:

- All courses used in fulfillment of the minor in Biotechnology program must be taken for a grade (i.e. courses cannot be taken for Pass/Fail).
- No more than two courses used to fulfill foundation and concentration requirements may be double counted toward the minor in Biotechnology. For students in the School of Engineering, the above rule on double counting does not apply but students are limited to receiving two minors.
- Only courses listed above may be applied. Substitutions are not possible.
