

Name: _____

ID Number: _____

Matriculation: _____
(Semester & Year)

Highest Previous Degree: _____
(BS or BA)

Requirements for students entering the MS program with a BS or BA in engineering or science discipline. Students MUST complete the following courses (30 credits (SHU) in total) to earn the Master's Degree

HF Core Course - 1 Course, 3 Credits

	Term Taken	Grade
ENP 0162 Human Machine Systems Design		

Design Core Courses - Choose 1 Course, 3 Credits

<input type="checkbox"/> ME 0102 Inventive Design		
<input type="checkbox"/> ENP 0149 Human Factors in Assistive Technology		

Probability & Statistics – 1 Course, 3 Credits

ENP 0164 Behavioral Statistics for Engineering		
--	--	--

Analytical Methods – 1 Course, 3 Credits

ENP 0163 Analytical Methods in Human Factors		
--	--	--

Human-Computer Interaction (HCI) - Choose 1 Course, 3 Credits

<input type="checkbox"/> ENP 0166 Computer Interface Design		
<input type="checkbox"/> COMP 0171 Human Computer Interaction		
<input type="checkbox"/> COMP 0175 Computer Graphics		
<input type="checkbox"/> COMP 0177 Visualization		

General Electives – Minimum 12 Credits

ENP		
ENP		

Note: These classes must be at the >100 level. Students are welcome to take however many classes are required to meet the 30 credit degree total. This could be any combination of 1, 2, 3, 4 or 5-credit classes. At least two courses must be taken within ENP.

Professional Development - 1 Course, 3 Credits

ENP 0220 Graduate Capstone
